Group Exercise

All Levels Yoga Slow-paced flow with a focus on the foundations of postures. The class has a combination of mobility, strength, and alignment drills that enhance any level.

Balance Fall prevention exercises designed for people who are unsteady on their feet, are worried about falling or have had a fall. This class focus is on the exercises to improve your balance and confidence.

Bootcamp Full body strength training workout using bodyweight, dumbbells, kettlebells, etc. There are various forms of cardio always mixed in.

Cardio Sculpt Use weights, resistance bands as well as fun choreography to build muscle, boost your metabolism and sculpt the body. No experience required. All levels welcome.

Chair Yoga A gentle form of yoga that can be done while sitting. Some poses can also be done standing using a chair for support. Help improve your flexibility, concentration and strength, while boosting your mood, and reducing stress and joint strain.

Core Stretch This class will focus on the core and back muscles to help stabilize your spine, prevent back pain, and keep you moving safely. All fitness levels are welcome.

Cycling Low to High intervals to improve strength, balance and coordination. Ideal form of exercise if you have osteoarthritis, because it is a low-impact exercise that places little stress on joints.

Fitball Exercise/Stability ball is used to execute exercise, while laying on the ground and or standing. The stability ball can strengthen the core (abdominal and lower back muscles). These muscles are used to perform daily activities.

Functional Fitness –(Fun Fit) Improve strength and mobility to aid with activities of daily living. This is done by exercising through all ranges of motion using little or no weight and light stretching.

Gentle Yoga Anyone new to yoga or those who are interested in a gentle practice. Simple flowing sequences warm up the body while slower paced movements focus on alignment, strength, balance, and flexibility.

Happy Hips & Hamstrings Yoga class designed to help stretch, release and mobilize your hips and hamstrings. Slow flow moving practice.

Happy Hour Yoga Release the week's stressful energy and finish it off with a warm dynamic flow. Designed to realign the body, balance the mind for the weekend ahead. All fitness levels are welcome.

Les Mills™ Barre™ A modern version of classic balletic training. This 30-minute workout is designed to shape and tone postural muscles while building core strength.

Les Mills™ Bodyflow™ This class involves invigorating series of sun salutations, warrior sequences, hip openers, twists, and some Pilates-inspired core training. End with relaxation!

Les Mills™ BodyPump™ A fast-paced workout using barbells, plates and our own body weight. Using “The Rep Effect” A proven formula of incorporating high repetitions and light weights to work all major muscle groups.

Les Mills™ Sha'Bam™ A fun-loving, insanely addictive dance workout. SHA'BAM is an ego-free zone – no dance experience required.

Namaste Yoga *Namaste* translates as “the light in me bows to the light in you.” This Hatha style yoga class aims to balance these two energies. This class will typically involve a set of physical poses and breathing technique that are practiced more slowly and with more static posture holds.

Mat Pilates Low-impact exercise with precise movements and breathe control. This class will help to engage the core to strengthen muscles while improving postural alignment and flexibility.

Pop Pilates A total body class with defining moves choreographed to upbeat pop songs. This intense mat-based workout challenges students to rhythmically flow from one exercise to the next. All levels welcome.

Power Flow Yoga A powerful, energetic form of yoga where students fluidly move from one pose to the next while connecting their breathing to their movements.

Restorative Yoga Restful practice that is all about slowing down and opening your body through a series of yoga poses. Holding stationary in poses through movement of breath.

Rise and Shine Yoga Ease yourself awake with gentle movements. Meditation in motion with classic sun salutations, postures to increase life force energy, flexibility, and strength. Create an upbeat morning routine that sets you up for your happiest day.

Step Aerobic Learn the basic movements for step aerobics foundation to fit your steps in and get a fun cardio boost at the same time. No experience required. All levels welcome.

Strength and Conditioning Designed to increase physical strength through weight-bearing and resistance exercises, as well as endurance of skeletal muscles.

Step & Sculpt Learn the basic movements for step aerobics foundation. Weights optional to add a strength component.

Stretch and Meditation Stretch the body, and relax the mind with mindful stretching. Taking time to focus on slowing down the mind, your breath deepens to help increase blood flow.

Tai Chi Learn the basis of tai chi to improve posture, reduce stress and understand the mind-body connection.

Tai Chi (Intermediate) Take your skills to the next level with new concepts introduced to progress to a deeper and more internal understanding and practice.

Tango Fitness This class promises to raise your heartrate with grace and elegance, activating the main postural muscles, using tango footwork to develop a good proprioception and balance.

Total Body Tone Low-impact, weight lifting class. Work all major muscle groups and focus on excellent form for a safe and effective workout.

Yin Yoga A slow-paced asanas (postures) practice, supportive stretching style using props to release tension that are held for longer periods of time than in other, stretch connective tissues and relax the entire body.

Yoga flow A Vinyasa Flow style class, has focus on transitions and movements. Poses are strung together to form fluid sequence of movement with less time spent in stationary poses.

Zumba® Fitness Zumba® is a fitness program that combines Latin and international music with dance moves. Zumba routines incorporate interval training — alternating fast and slow rhythms — to help improve cardiovascular fitness.

Dance Fit A dance inspired fitness class that incorporates various dance moves and muscle conditioning to create a fun cardio and strength workout.

Circuit Training This class will focus on aerobic and anaerobic fitness through boxing/cardiovascular endurance to weight bearing resistance exercises ranging from complex movement to Olympic lifting.
